

Dear Pat,

Well, our junior year is just about to
me to an end but I have many memories
with which to live. Most of them having
some connection with you. All the good
times we had at Mac Donalds, especially
getting thrown out by fat cop and then
you introducing me to all those next kids.
It was really great. Most of all, though,
I will remember you. My best friend
who has always been there to help me
out through thick and thin, to help me
face the bad and the good. I have known
you for about thirteen years now and I
hope we continue for 113 more years.

You're really the kind of friend every girl
should have cause if everybody had a
friend like you to turn to they wouldn't
need anybody else. I hope our senior year
holds in store for us as many good things
as this year did. Just think, one more
year and well be out of the school but
not really cause were back again so I.C.
so we have nothing to worry about.

Well, all I can say now is that I
want to wish one of the nicest girls
in the whole school the best of everything
cause she deserves the best. I don't have to
worry about not seeing you any more
cause I know that's not true. Have a
wonderful summer and Good Luck in
your senior year. Oh Good Luck with Jim E.
if you go out with him this weekend.

Love always
Linda

What did you put me in front
for? So everyone could read this
work of Art!

Dear Pat,

Well were going to be big
time senior next year. Isn't
it a great thought. Years
have gone fast, maybe too
fast. But we've had good
time. Maybe we're such
good friends cause no one
else could put up with us.
You know, we are kinda
crazy.

Just sitting here thinking
of all the times we had
together make me feel great.
I gone through crushes,
quarrels, trouble and just
about everything with you.
Remember your summer
home. (How could you forget)
And T.K. in front of the house
And McDonalds, and all
sorts of things. Pat you've
been great. I've cried on
your shoulder and needed
you soo-o many ~~things~~ ^{time}
and you were always
there. You always made
me feel great. THANKS!
Pat, your honestly great
You've been more than
a friend to me and I'm
continue on page 40

Dear Patsy,
 in nice gym having you
 looking forward to this year. I
 to you in the car on the
 street and just laugh. Good
 luck in the future year.

Best of luck to you in
 the future - you are the
 kind of person from
 the future - your parents must
 be proud of you. Love
 your Homemaker
 substitute teacher

I don't have to tell you
 how great it's been knowing
 you all these years. I only
 wish we could have had a class
 together. Maybe next year? I hope
 so. Best of luck and happiness
 for your future years.

Love Always
 Norene

Dear Patsy,
 Where do I start. I have no idea
 how to go about wishing you, probably one
 of the greatest girls I'll ever know, wishes
 for luck and happiness in the future.
 I also doubt if you'll need them, but for
 convention's sake, I want to wish you the
 best of everything life has to offer. Three years
 have past and coming up is our final year
 of high school. For this, too, sweetie I
 wish you success and hope you re-
 ceive all you desire.

Much love,
 Linda Stuba

An exciting moment in the game brings the crowd to its feet.

Donna Soldat, the varsity homecoming queen, Carol Opalecky, the sophomore queen, and their courts prepare for the parade.

Months of anticipation, weeks of preparation, days of practice, hours of waiting, and minutes of excitement are components of a homecoming. This year's homecoming, "Around the World," was no exception. The floats showed the weeks of preparation, the playing of the game and the performances of the band and the Militaires showed the many days of practice, the minutes of excitement came during the game, and the crowning of the queens was the climax to the hours of waiting.

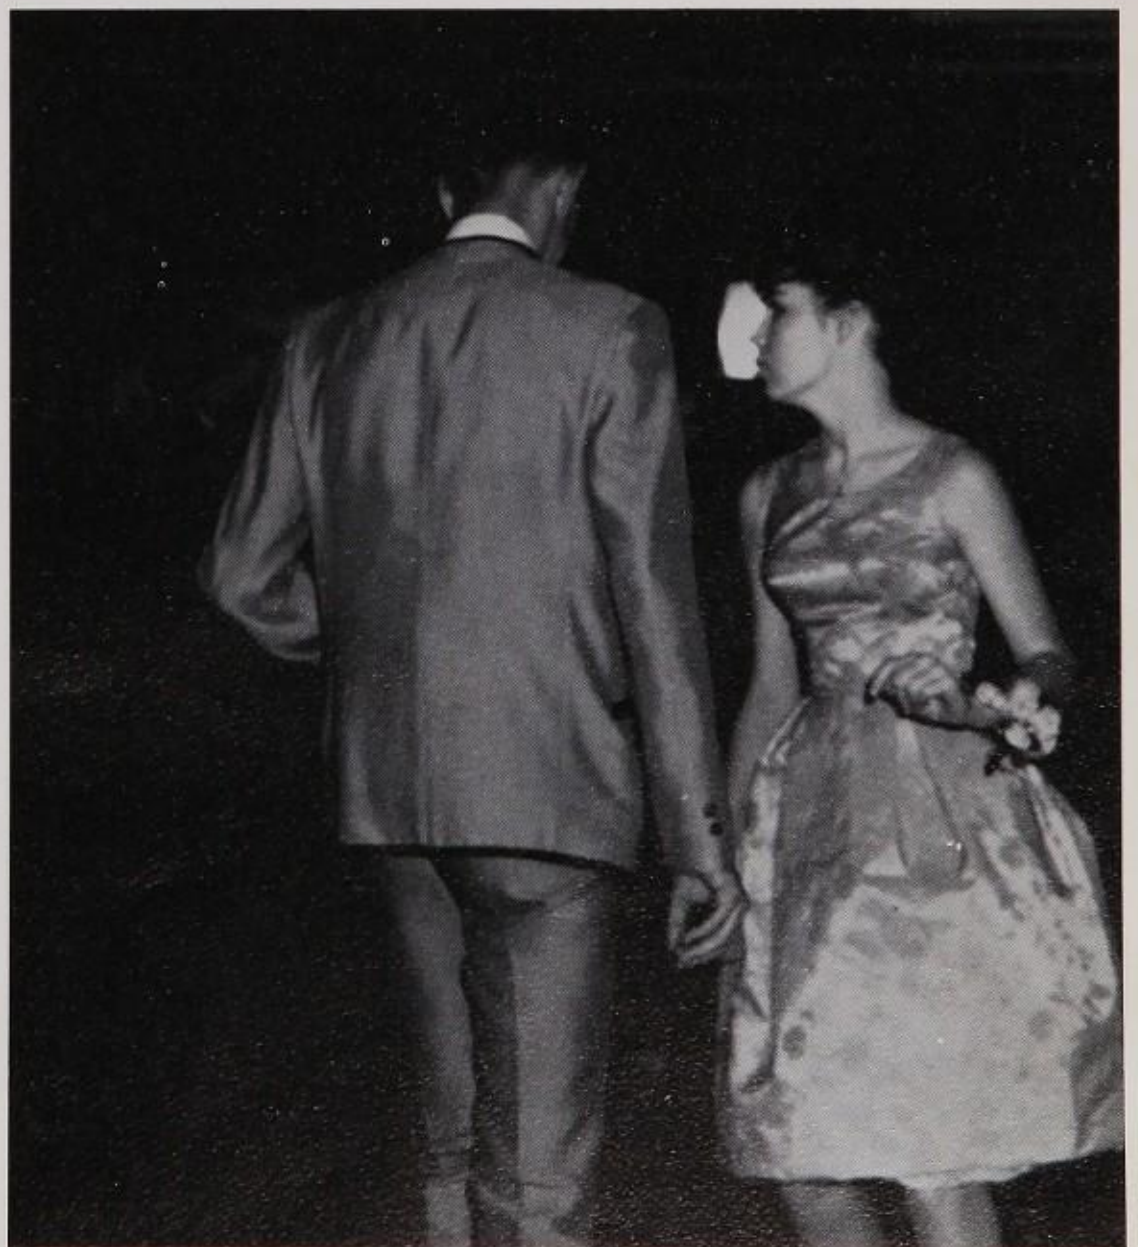

The floats entered by various organizations entertained observers who viewed the parade. The Militaires and the cars entered by students, alumni, and other Morton organizations also helped to make the parade the colorful success that it was.

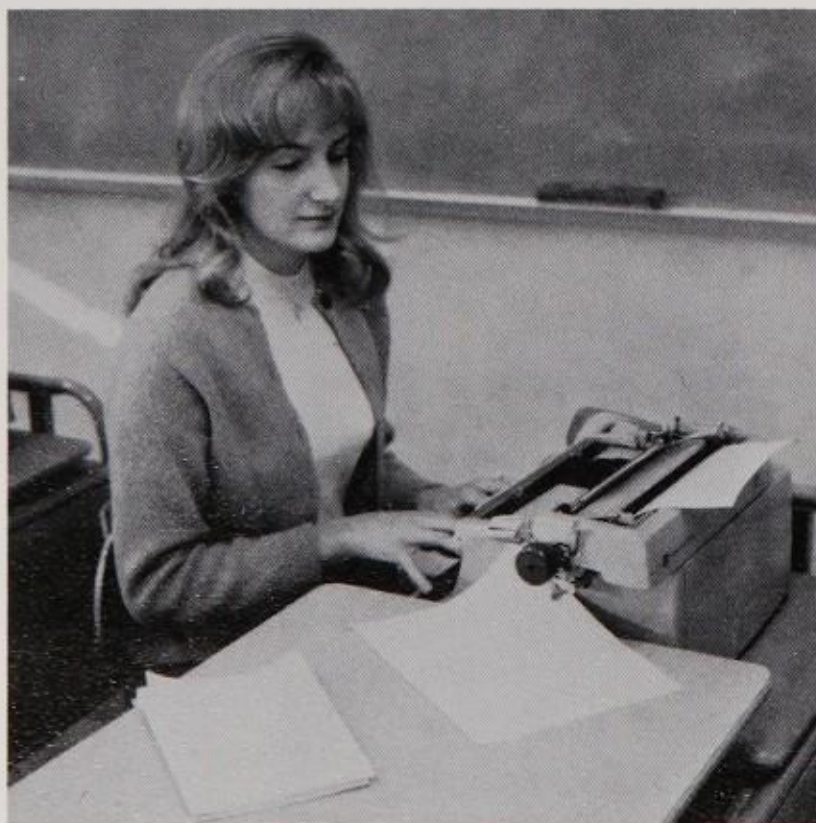

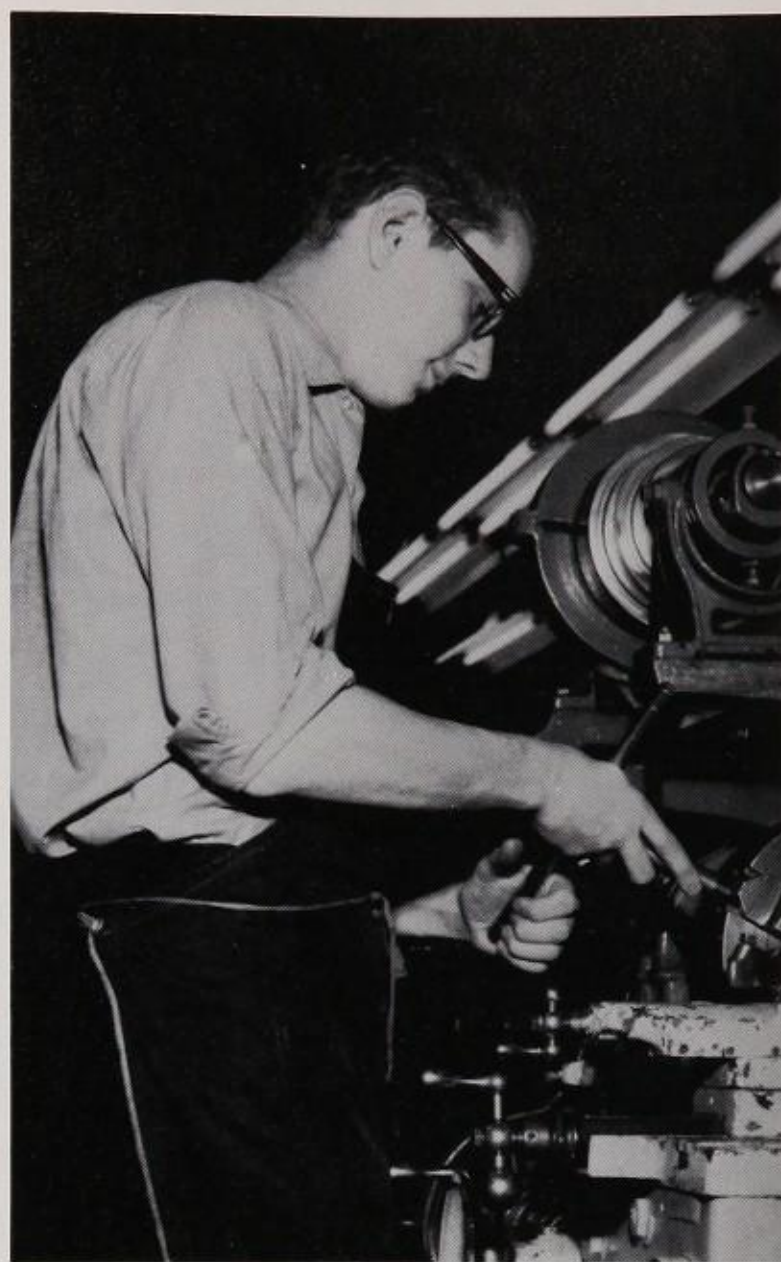

Tension and anxiety ride high among the players who wait their turns to get in on the action.

Students at Work

Dear Elevator,
 Who can ever forget
 we lucky girls who had
 first hour gym. The best
 times were when we had
 swimming though and
 looked like drowned rats
 the rest of the day. Our
 smelly gym suits with
 the rips and tears
 added much to that
 wonderful first hour
 class. Monday mornings
 were always the best
 when we talked about
 our "wonderful" weekends.

Wait until this
 summer when everyone is
 bombing around with the
 cars. You just better stay
 out of my way or I'll
 ram you. Meet you at
 Johnson's road one of these
 days and we'll run.

I'm looking forward
 to next year and selling
 with you in Booster Club.
 Your pleasing personality
 will add much to the
 club. Be good. I'll see
 you on the sidewalk.

 forget the gym demonstration
 and that wonderful social dance
 class I always missed out on.

Carnival

As Lili, Lynn Conner, converses with Carrot Top and Horrible Henry, her mood changes from despair to happiness.

As the aerialist is lowered and the scene momentarily halts, Lili realizes that the romance of carnival life is just a deception.

Carnival is the story of an orphaned girl, Lili, who comes to the carnival in search of her father's friend and a job. Finding that the friend is dead and that the job is closed to her, she becomes lonely and dejected. She is befriended by a magician, Marco the Magnificent, and is caught in the whirling activity of carnival life. She falls in love with Marco but soon realizes that his magic is an illusion and that her real love is Paul, the puppeteer. Paul's confused feelings for Lili and the appearance of Rosalie, Marco's assistant, complicate the story for a time.

Lili is played by Lynn Conner; Marco the Magnificent by James Finerty; Paul, the puppeteer, by Dale Smith; and Rosalie by Marilyn Hetzel.

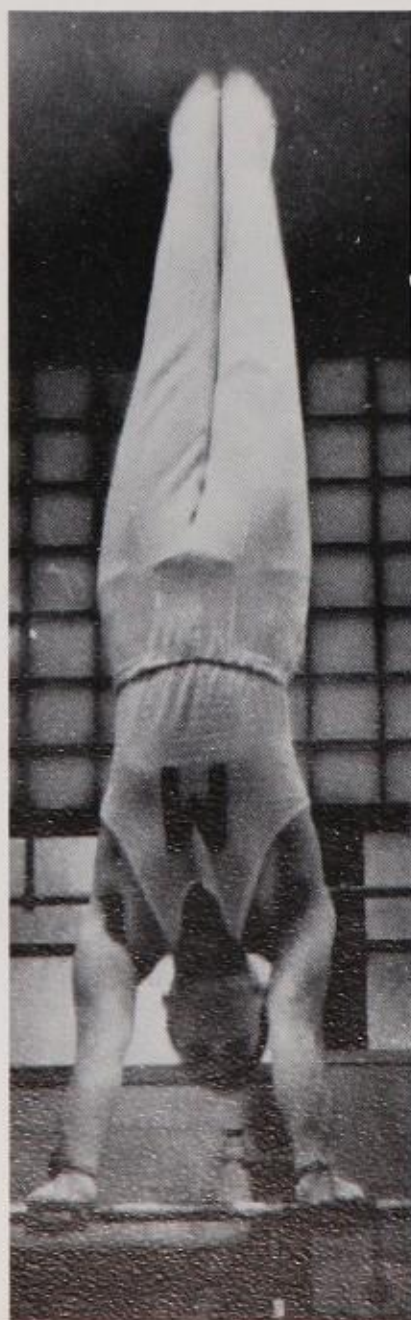

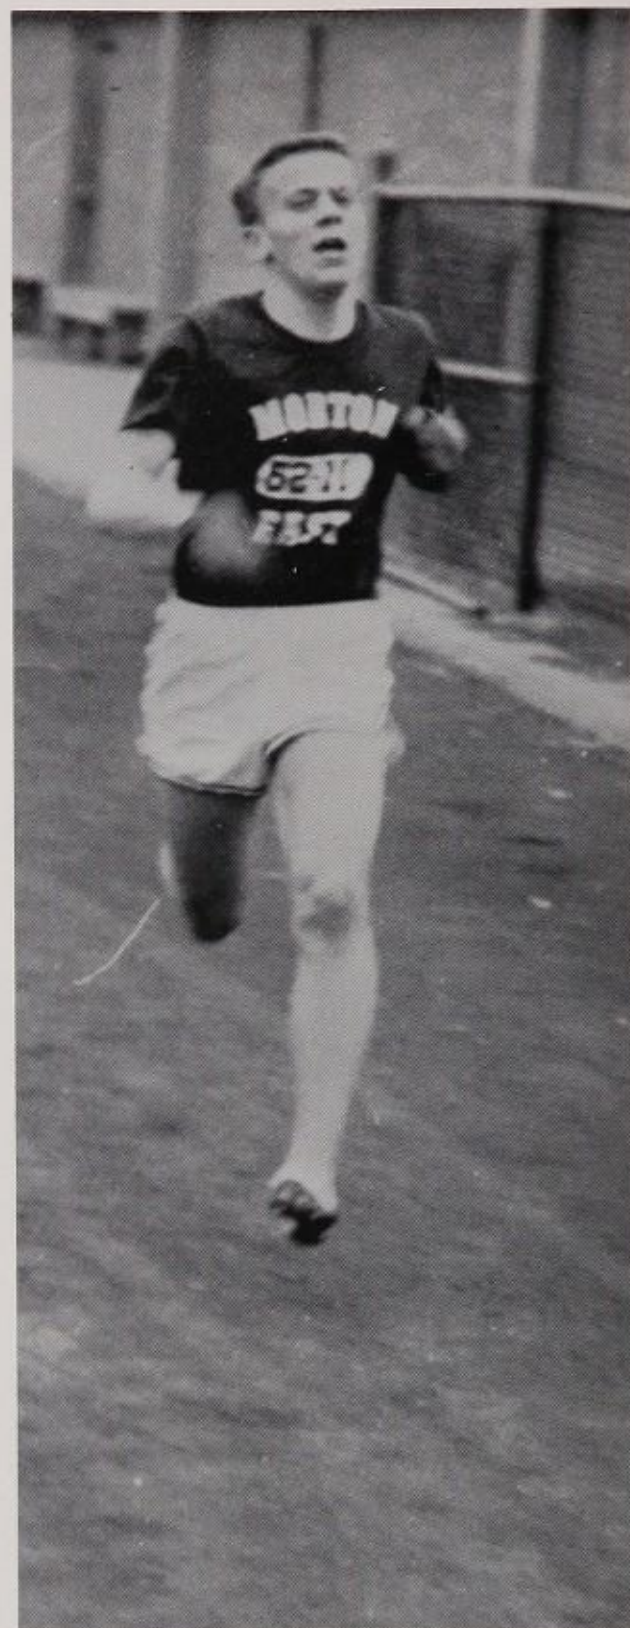

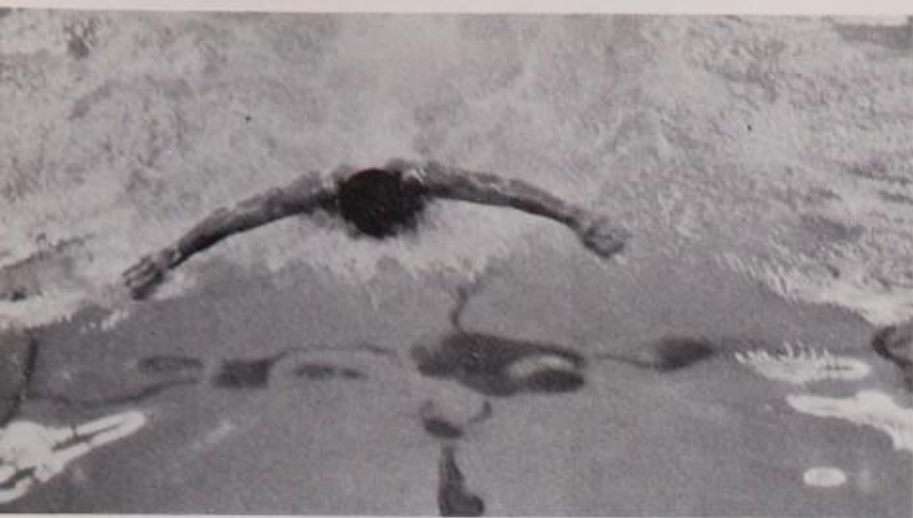

Princess Olga the Snake Charmer, Navvab Fischer, performs her spirited song and dance.

Jacquot, Joe Mantegna, strolls onto a dark stage playing "Love Makes the World Go Round" in Carnival's dramatic opening.

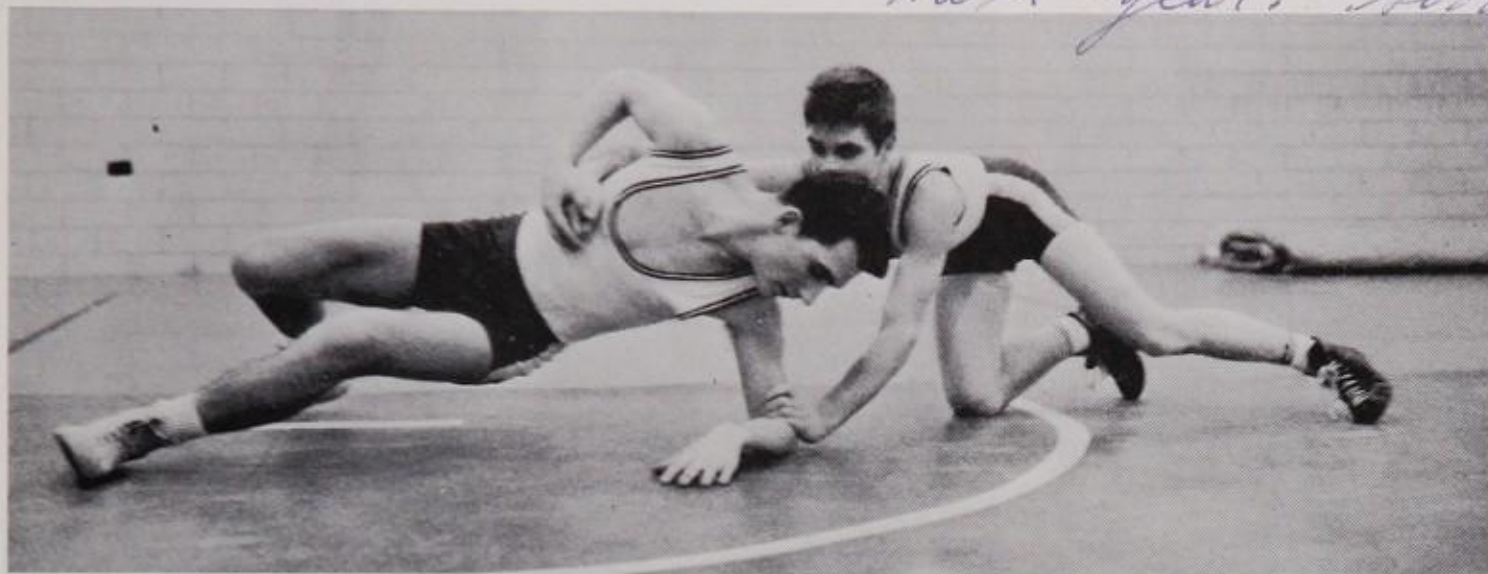

Mustangs in Action

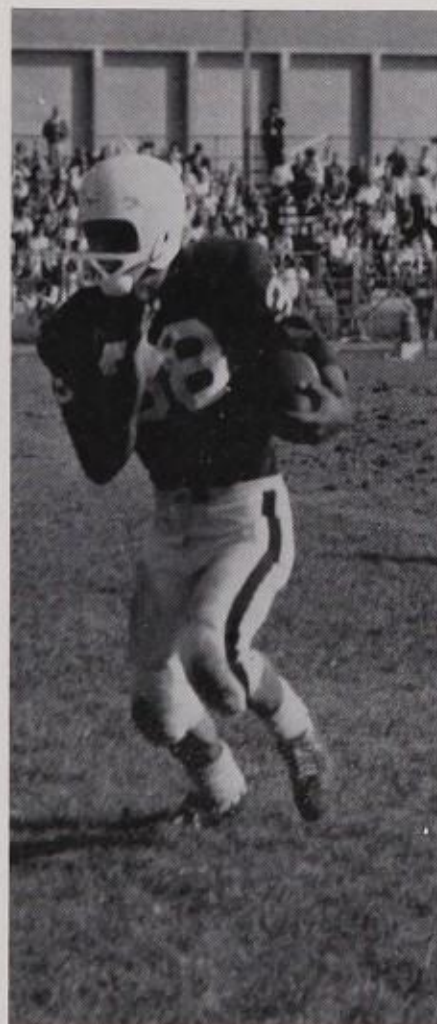

Dear Pat
 It was quite a year

Dear Patsy,

Well "nut" another
 wonderful year has
 gone by. I sure has
 been great knowing
 you. We've had some
 great times together.
 May they continue
 always.

Good luck now

Arrival at the prom marks the beginning of a much dreamed of evening.

The general atmosphere of the prom creates a mood of elegance.

The foyer provides a pleasant area in which to admire decorations and bids.

The 1964 prom was held at the beautiful Willowbrook Ballroom. Numerous decorations such as the handmade, gold Buddha in the foyer and the oriental hangings, tree, and the Japanese lanterns in the ballroom itself truly helped to make this prom "A Dream in Jade." The Junior Cabinet, who put months of hard work into preparation for the prom, and the students, parents, and guests who attended were richly rewarded as the evening unfolded.

Graduation, a time of mixed emotions, came quickly for some, slowly for others. In any case, each graduate closed his years at Morton and opened a new phase of his life on graduation night.

Memories

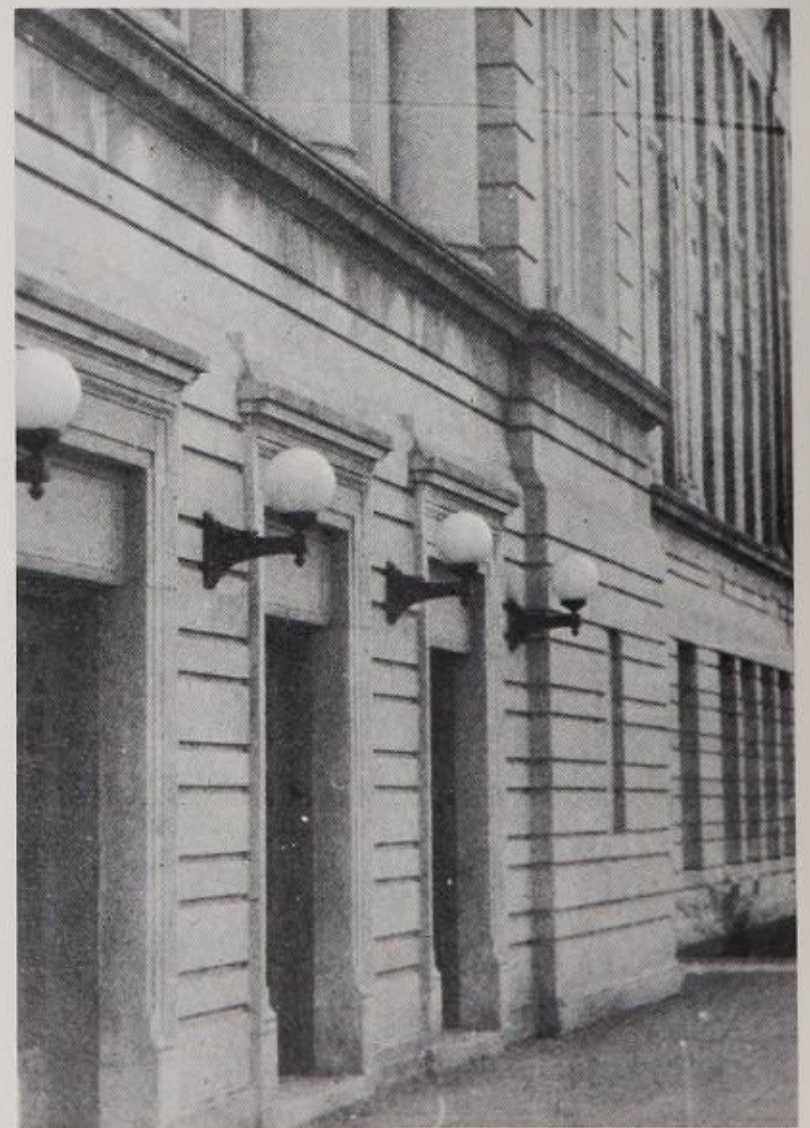

Emotions run high when seniors traditionally switch their tassels to indicate that they are now graduates.

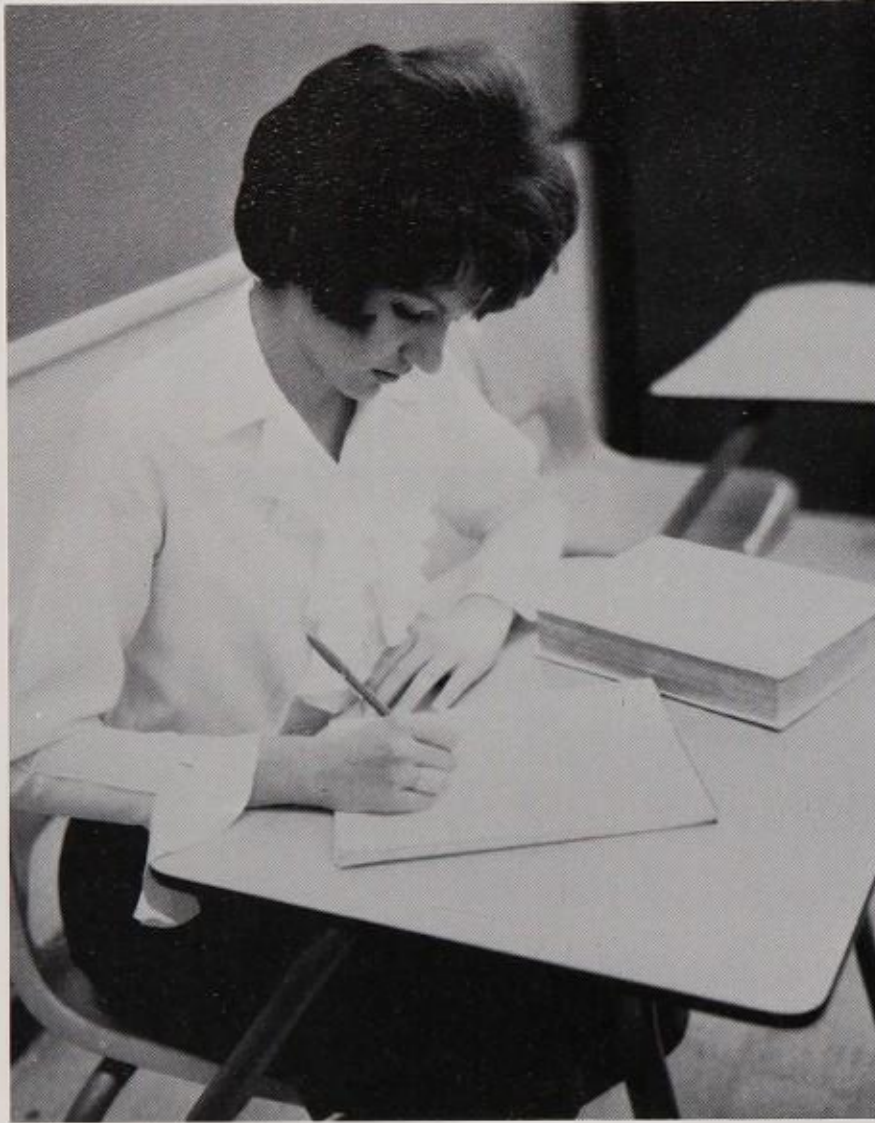

Moments of solemnity are observed as students anticipate their last moments as seniors.

Leo Stopa, Barbara Briggs, and John Briggs discuss their future appearance on It's Academic, a television quiz program in which Chicago area high schools participate.

Academic Interests

Many students desire to participate in extra-curricular activities that test their knowledge and academic skill as well as provide enjoyment. There are many activities for such students at Morton. The annual U. N. Model Assembly offers interested students the chance to learn about the workings of the United Nations and the many countries that are represented. The participants are required to do extensive research in order to present the opinions of their chosen countries. Research of a different type is gathered, indexed, and presented by members of the debate team. Each year, some of these students participate in televised debate on Rebuttal. Another television show that qualified Morton students take part in is It's Academic.

Debaters John Briggs, Craig Sanchez, Phil Russ, and Darrell Bloch represent Morton East on CBS TV's Rebuttal.

Wayne Wheatley takes his turn at addressing the many delegates at the U. N. Model Assembly.

Students from the **Summer Student** staff interview Mr. Kasik.

Field trips, such as this one to a local bank, are a part of many summer school courses.

A comedy dance number entertains the audience at an assembly.

Summer School

The fundamentals of machine drawing are explained by Mr. Stone.

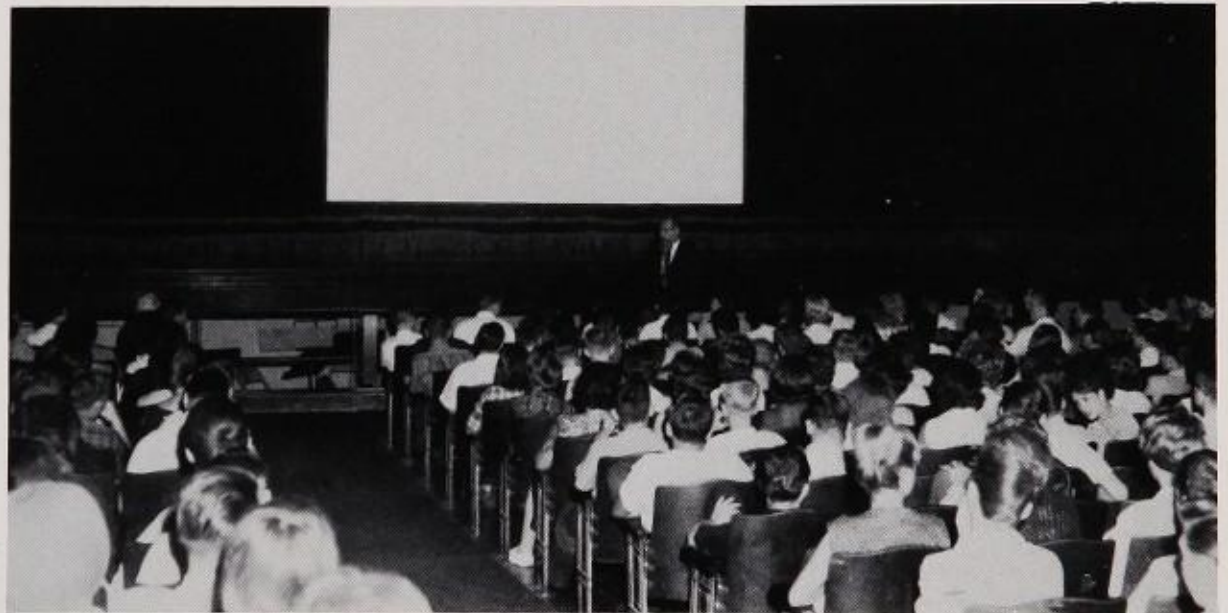

A typical early afternoon scene on the Morton East athletic field includes plenty of good, healthful activity.

Students participate in dramatics classes to better their acting ability.

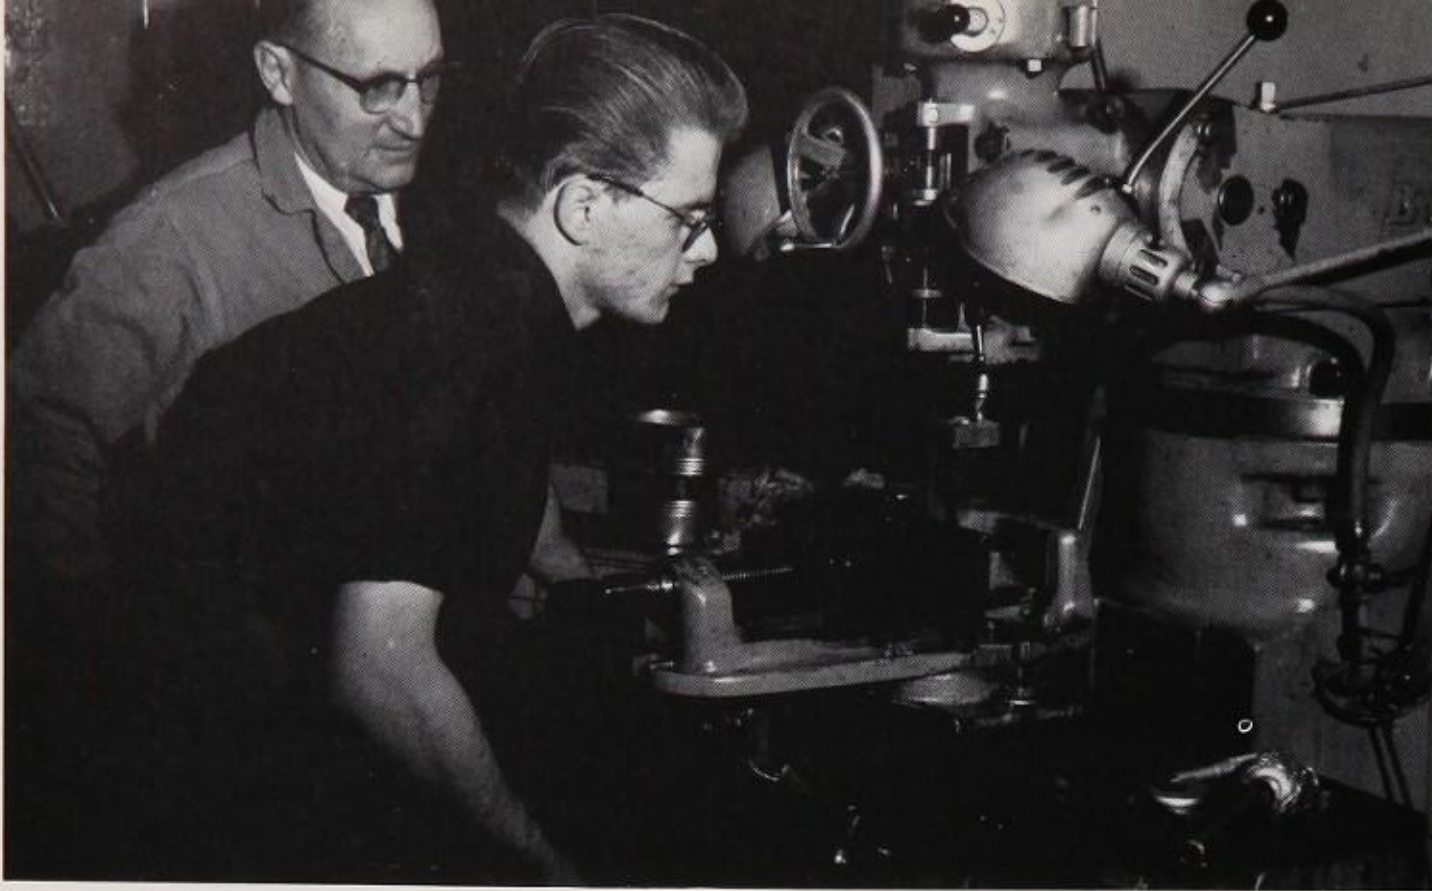

Activities

Students work on a variety of art projects at Morton West during the Art Workshop.

Dr. Walter L. Cooper welcomes students at the first assembly.

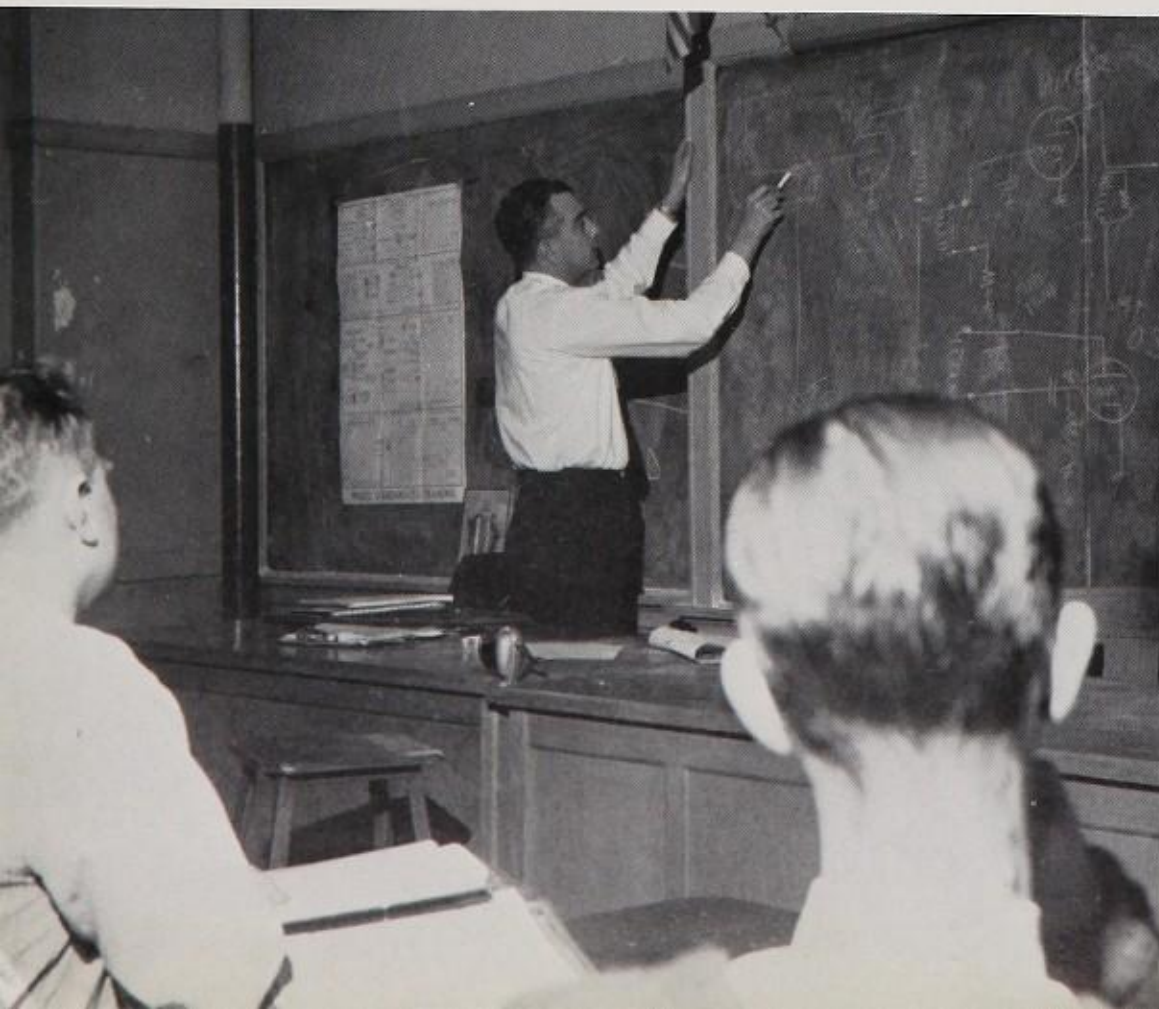

Mr. Van Eman sees, in the performance of a machine shop student, the result of his hours of teaching.

EVENING SCHOOL

The intricate details of T.V. repair are diagrammed and explained by Mr. Jenkins.

Mr. Kosatka observes the progress of an enthusiastic beginning organ student.

Evening school offers adults and post-high school students a much desired opportunity to further their education. These people desire to learn for many reasons. Obtaining a good job, advancing to a higher position, reaching a personal goal, fulfilling certain needs, or merely receiving enjoyment may be only a few of the reasons. Every Monday and Thursday evening each of these people attends one of the various classes for his own particular reason.

Here, a welding student practices one of the many techniques of the art of welding.

As in most evening school classes, practical experience proves helpful to this auto shop student.

Clothing class enables women to learn a useful skill while it offers them the enjoyment of creating something beautiful.

Key punch students learn some of the newest methods of office work on up-to-date equipment.

Dear Pat,

Well we've sure had a prosperous year, with the best guys that is. I always remember those parties. It sure was fun crashing them. It wouldn't have been the same if we would have been invited. And don't forget McDonalds, I got a feeling that before the summer is over we'll be going to 26th Wesley. But I hope not.

This year sure has been fun with all the best guys, but what will we do for entertainment next year? Looks like we'll have to find a new batch of boys. I think Key note Club will be the best place to find them. So Key note here we come.

Well I guess I've said enough maybe this page should be censored? I just want to say it's been fun knowing you, let's go on knowing each other for a long time to come, you a sweet kid. Good luck in your future, stay as happy as you are now, and as sweet.

Dear Students,

This yearbook is an important memento of exciting and worthwhile years in Morton High School. For those of you who will graduate, I hope you will find satisfaction from this book in helping to recall fond memories. However, more important, I hope you will recognize the part Morton has played in helping you to meet the challenge of an adult life.

For those of you who shall continue for an additional year or more, I hope you will remember that Morton East is an outstanding school; that she provides, for your benefit, many opportunities which are not excelled anywhere in the United States. The benefits you derive from the classes, the activities, the contacts with excellent teachers, and all other associations here will depend to a large extent upon the personal effort you put forth to bring about success.

Our American way of life is not an accident; it is the result of the faiths, of the hopes and aspirations, of the toil and sacrifice of the imagination and ingenuity of our forebears. It is a great heritage. It is a heritage of promise—a promise to all individuals that as members of our society they may develop their talents to the utmost. Students of Morton, you are part of this great heritage. You are part of it because even now and in the years to come you will be developing, enlarging, and making our way of life more meaningful. We look to you to so bear your responsibilities as citizens that you will bring to our community and nation a better and more complete understanding of the meaning of democracy and a deeper and more complete appreciation of its tenets.

Love Donna Dombrowske

Dear Pat,

I'm so glad I got to know you better this year. Despite our bad start of friendship, I think we can become good friends. I did feel awful for what you called me when - but I guess it'll be forgotten soon. I'm looking to being a friend of yours for a long time. We certainly had some good times (like when you and I popped out of all the fun & rioting everyone was having. Remember? The things we talked about!) Well, I wish you the best of luck and loads of happiness. God Bless you. Love Always,

A GATHERING

Dear Pat,
It has really been a blast having you in

I want to wish the sweetest "senior" girl
I know, all the love and luck in the world
Also success - as a model, of course -

CROSS-COUNTRY . . . Cross-Country is a competitive sport that does not receive very much support or recognition from the student body. This is because in cross-country each member participates as an individual. Cross-country is not a sport where teamwork is an important factor. However, the points received by each boy on the team are compiled to get a team score which determines the

winner of the meet. The members of the cross-country team are developing their bodies while at the same time representing their school. For this reason, many boys go out for cross-country to get in shape for winter sports. Cross-country is a sport which develops the endurance and stamina which is necessary for a strong body.

GYMNASTICS . . . The members of the gymnastic teams need strength, endurance, and co-ordination. A team meet consists of six events: trampoline, rings, tumbling, side horse, parallel bar, and horizontal bar. Three members of each participating team take part in each event. The individual points of the members are calculated and a final team score is determined. The team receives 7 points for a first, 5 points for a second, 4 points for a third, 3 points for a fourth, 2 points for a fifth, and 1 point for a sixth. The team with the largest point total is the winner.

WRESTLING . . . Endurance and strength are the basic requirements of each Morton matman. Any individual is able to participate in this sport. This is because each boy wrestles with an opponent that weighs approximately the same. The action of the match takes place in a circle of a ten-foot diameter. In high school competition there are three periods, two minutes each. In this time the wrestler attempts to pin his opponent's shoulders to the mat. If he succeeds, he is declared the winner. However, most matches are point decisions awarded for different maneuvers. Various maneuvers are the take-down, the escape, and so forth. These extensive actions under the toughest prove to make each Morton matman a very rugged individual.

SWIMMING . . . Swimming is a competitive sport that requires great stamina and co-ordination. Swimming competition consists of diving events and individual racing events; the butterfly, the backstroke, the breaststroke, and the crawl are some of the racing events. Relay races in which team members combine their efforts generate much excitement. In a meet a swimmer participating in an event receives points dependent upon his place in the event. The team with the largest point total emerges the winner of the meet.

TENNIS . . . Speed, agility, and stamina are only a few of the factors which a tennis player must have. In game competition only one or two players are used. Four points are needed to win with at least a two point lead. If a two point lead is not held, the game is carried on until a two point lead is attained. The Morton tennis team this year kept high spirits in spite of low results. "The team indicates much hope for the future," says player Paul Trinka.

SOCCER . . . For many years soccer has been a popular sport in European countries. However, soccer has never become a popular sport in this country. One reason for this is because of the popularity of football, an offspring of soccer. A soccer game is just as exciting and fast moving as a football game. Soccer players must have coordination in order to control the ball while running. They must be able to stand up to the physical endurance that is required to play this game. This past season the Morton East team led by European born players, enjoyed a profitable season.

BASEBALL . . . The varsity baseball team this past spring enjoyed a successful season. Led by the bat of Bob Vashinko, John Posen, and Nick Garbarino the team registered a 13 and 8 final record. In the suburban league the team had a .500 season and a 7-7 record. John Zuke and James Mack provided most of the steady pitching for the Morton team. Bob Vashinko led the Morton batting attack with a .362 batting average. The varsity looks forward to a good season next spring. This is because of last year's fine sophomore team. The sophomore team enjoyed a 5-2 record against Suburban League competition.

Team and school spirit was high all through the season. Coach Hapac's fine coaching improved the team greatly. His varsity regulars were Dennis Waldon, Bob Vashinko, Bob Fuka, Jim Peters, and John Posen. John Posen received special recognition from the Suburban League coaches and was named to the All Suburban League team. Editor's Note

A freshman hurrying down an empty hall trying to find the right room number sighed as he thought back to his uncomplicated life as an eighth grader. "What a difference a year makes!"

A sophomore under the spell of fun-filled after-school activities and the demands of homework assignments thought back to his comparatively easy freshman year and muttered, "Last year was so different!"

A junior on that long and eagerly awaited day when he first received his school ring walked by happily saying, "This year is much better than last year ever was!"

A senior . . . Well, what does a senior think of when he compares this past year with his other three high school years? For instance, there was that first day of school as a senior. He met his good old friends and some new ones; he saw the familiar faces of teachers and met others; he sat at some well-worn school desks; he revisited the old meeting places and decided on a different one. All these helped make the senior year so eventful and memorable.

And the sports! Everything from baseball to wrestling had quite a season. All the scientists in the world couldn't have combined their talents to create a more beautiful day than the one nature gave him for the Homecoming parade and the football game. The basketball tournaments, the track and field records, the wrestlers, and the gymnasts all helped to produce a most memorable sports season.

What about the Physical Education Demonstration with the Miss Morton titles, the ACT and the CEEB tests, the senior year English electives, the voting for the cap and gown color, the writing of the Last Will and Testament, the Washington trip, the numerous counselors appointments to discuss future plans—how can he ever forget these? There were even some "firsts" in this, his last year. The school year started off with a new principal, Dr. Keith Kavanaugh. There was the new scheduling of the fourth hour, with the introduction of an auditorium period. Many new improvements of the school building and school property also awaited the students this year. There was even a new system of arranging report cards by an IBM machine. All of these "firsts" intertwined themselves beautifully into school life.

Now, as a senior looks back not only on last year, but all his other high school years, he has mixed emotions. All that has happened, the good and the bad, the happy and the sad, cannot be relived. Only memories can revive them and we hope that this Annual will serve as your guide.

Christine Galvydis

The Annual was the result of not one individual's efforts, but of the entire staff working as a team. First of all, we wish to thank Mr. R. J. Tudor, advisor of the MORTONIAN ANNUAL, and Mr. G. Jackson, assistant advisor, for their competent guidance of the staff throughout the year in completing this book. We also extend a very special thank you to the editors for all the energy they put into their work in gathering necessary material for their section and getting it done in time. To the superintendent and the principal and all the faculty, we extend our sincere thanks for their cooperation and assistance. And to all of you readers, we extend our gratitude, and we hope that this Annual will always remain a wonderful memory of your high school years.

Dear Patsy,
 Well, a real school year is finding myself and never going to school before. Although we've gotten used to these other months, at Mac D. and the rest of them. I hope they'll be a lot more of our interests "are the same, I don't see how we can do anything but become better friends, do you? Your a real sweet friend and since person. Pat, stay that way and you'll never have to worry." Love ya
 Judy (Bri-w)

Dear Pat,
The only thing I regret in my four years at Morton is that we didn't come closer friends sooner. But I am glad we have a good friendship going on now & I hope it can last through the years to come.

We had a lot of fun together which I know I will never forget. We spent a lot of fun times together as well as trying times. Pat, when anything ever happen to me I never hesitated to call you & ask you what to do. And you always did your best to help me out.

Remember when we doubled at Homecoming. What fun we had. at Diamond Head. Boy if I had a dollar for every hamburger & an order of French fries we got at McDonalds I'd be a millionaire.

Patsy, I hope I never did anything to hurt you or make you mad at me. You are too great of a person to be hurt. If there is anything you ever need or want just dial 604-8536 & I will be at your service & I will try to help you out all I can. You have to be the sweetest girl I have ever met. You are always there to help the next person out.

I hope you make plans to come to Western & see me. I will be glad to have you.

Pat stay the sharp, cool, great, & sweet girl you are and you will never be in need of friends & your future will be full of success & happiness.

May all your dreams come true & good luck with your last year at J.S.M. (East as well as West) Keep those boys jumping.

I love ya,
Z

Dear Pat,
These year has been lots of fun. Eating together and having sweet Smith for English. It's been unbelievable. I hope we see each other this summer.

Dear Pat

I've really enjoyed going
steadily with you for four hours. I'm really
glad I got to know a great girl like you.
History class would never have been the same without
shaking your clamy hands every once in a while.
You'll always be a part of my memories of senior year.
I hope that graduation doesn't mean I won't see
you anymore this summer or next year.
I want to wish you the best of luck in whatever
you attempt. To a great girl "Stay cool always"
and remember
FORDS DON'T GO.

Love George Trepania

Dear Patsy, really
fun It was really
history, with you in
remarks about Mr. Pollina
Best of luck in everything
you do. See you over
the summer maybe.
Love
Darlene

Dear Pat,
Best of luck always

Dear Pat,
Well this year has
really been an unforgettable
one. I'm so glad we've been
able to become better
friends. We're really had
ball.

You're a real great
girl Pat, and I want
to wish you the best
of everything. I hope
we'll have some good
times this summer
next year.

God Bless You,
Your friend Al

Dear Patsy,

It's really unbelievable to think that our Junior year is really over. I can't bear to think that we are actually gonna be seniors next year. I'm so glad that I won't have to face next year alone, but with a good friend like you.

I'm so glad that you made Booster Club. Believe me Pat's, you should have made it long ago. You can't imagine my disappointment last year, when you didn't make. I really felt so bad about it. But now I can be happy once again.

We've gone through alot this year Pat. (H.S.) And I can honestly say that there wasn't even one time when I had the slightest inclination to punch you. That's just got to prove that we really got along good this year. I hope that I didn't get on your nerves either.

Pat, I just want to tell you what an adorable girl you really are. There isn't another girl possible in this whole school, that can listen to a sob story as good as you can. Ken and I will never forget you, Ken even doesn't know you, but I'm sure he won't forget you. Don't worry, whenever he treats me mean, I'll always remember how you always told me to break up with him. If he ever found out about that!!!! Other than that sound advice, I've really listened to everything you've said.

We've really had some cool times in Caf too. (K.I.D.) I think we were the only ones who cleaned the Caf out of food.

Dear Pat,
 How can you ever
 forget the lovely boring
 times in homeroom. We've
 got another year of it to
 look forward. You can also
 look forward to sitting next
 to me again if he seats us
 in alphabetical order. (oh joy).
 Have a ball this summer
 (that won't be hard).

Sandy Osenges
 P.S. I don't think I'll ever forget
 the time we had with that
 United States puzzle.

Dear Pat,
 We've really had fun these
 past years and I hope it
 will continue. Remember our
 "surfing" on the bus. Be good.
 I know I'll see you during the
 summer.

Love,
 Donna Rzeminski

Dear Pat,

I'll never forget this year, and all the fun we had. Gym was great and so were lunch and auditorium. All our troubles and pains have come to an end but I hope the fun part of our friendship will continue for a long time to come. I'd like to wish you the best of everything because you really deserve it. You've been a real friend. Thanks for letting me use your book that one time. I don't know what I would have done without you. Remember the time we ran the battery down in George's car. Boy, what a night that was. I don't remember ever laughing harder than that. Well I'm sure I'll see you again next year. If anything important comes up this summer call me and let me know about it. I'll see you in Mac Donald's or at the pool.

Love,
Penate

Dear Patsy,

It's been loads of fun this past year having our lockers so so close even if there were a few obstacles (one in particular) in the way. You're a sweet kid Pat and I hope you stay that way, always.

Always,
Karen

Dear Pat,

It's been great knowing you these past year. I hope you didn't get too mad whenever I had to refuse you a ride. Keep everything mellow and you'll always be in good shape. Best of luck always!

Love,
Terry Furman

Dear Pat:

It's been a blast knowing you this past year. I thank you for everything you helped me with. You're a real sweet girl, so stay that way. I wish you all the luck in the world as you are one person who deserves it very much. May your every wish come true. Keep that personality and you will go places. Always remember me as a nut who wrote this.

Dear Pat,
I can't tell you
how much fun it
has been knowing you
this past year. Oh a year
I wish I wasn't graduating to miss
because I'm really going to miss
all the kids. Oh well, I guess I am
glad to get away from all the teachers. But
though I'll miss some of them. Best
of luck always & I hope the future brings
you nothing but success & happiness.

Love,
Linda
